Dear Mr. Whyrick:

In response to your letter of September 18, 2014 requesting additional information on our 2<sup>nd</sup> quarter 2014 report. Please be aware that the Brannon for US Senate committee is working with a compliance consultant to identify and correct errors and that we expect to file amendments on all reports.

1. Schedule A discloses one or more contributions that exceed the contribution limit.

Response: These are the Mr. and Mrs. William Clark donations, two on February 14 and one on April 30. A review of our records shows that one of the February 14 donations was a data entry error; a donation was entered twice in our database but our deposit slips show only one check was received. The April 30 donation appears to be an over-limit donation that will have to be refunded.

2. Schedule A of your report discloses one or more contributions received after the 2014 primary election that are designated for the 2014 primary election. These contributions may only be accepted to the extent that the committee has net debts outstanding from the 2014 primary election

Response: The committee has debts remaining from the campaign that are expected to total around \$12,000. Currently there is no cash on hand.

3. The beginning cash balance of this report does not equal the ending balance of your 12-Day Pre-Primary Report.

Response: We are aware that this does not match. I have been working since summer to remove duplicated transaction entries and to find donations that were deposited in our bank account but had never been recorded. This effort is ongoing and will likely take another 2 months before coming close to the end. Once all the donations have been reconciled against our bank statement, we will refile every report submitted during the campaign.

Sincerely,

*Donna Beard*
